B-977 GOSPEL READING: JOHN 6:1-15

After this, Jesus went across the Sea of Galilee [of Tiberias]. A large crowd followed him, because they saw the signs he was performing on the sick. Jesus went up on the mountain, and there he sat down with his disciples. The Jewish feast of Passover was near. When Jesus raised his eyes and saw that a large crowd was coming to him, he said to Philip, "Where can we buy enough food for them to eat?" He said this to test him, because he himself knew what he was going to do. Philip answered him, "Two hundred days' wages worth of food would not be enough for each of them to have a little [bit]." One of his disciples, Andrew, the brother of Simon Peter, said to him, "There is a boy here who has five barley loaves and two fish; but what good are these for so many?" Jesus said, "Have the people recline." Now there was a great deal of grass in that place. So the people reclined, about five thousand in number. Then Jesus took the loaves, gave thanks, and distributed them to those who were reclining, and also as much of the fish as they wanted. When they had

had their fill, he said to his disciples, "Gather the fragments left over, so that nothing will be wasted." So they collected them, and filled twelve wicker baskets with fragments from the five barley loaves that had been more than they could eat. When the people saw the sign he had done, they said, "This is truly the Prophet, the one who is to come into the world." Since Jesus knew that they were going to come and carry him off to make him king, he withdrew again to the mountain alone.

MEDITATION:

The miracle of the loaves and fish is a foreshadow of what the Catechism teaches, that the Eucharist is the source and summit our Christian life and that living a eucharistic life of an intense love of Christ demands a love to each of our brothers and sisters in whom Christ is present and with whom we share our communion with Christ with. This is a foretaste of heaven! ~ Pedro A. Moreno, O.P. 6/5/202

- We are all a part of creation and entrusted by God with its care—When your water heater needs replacing, consider installing a tankless water heater which saves power by heating water only when needed. If you regularly take baths, try switching occasionally to a shower. A bath uses 35 to 50 gallons of water, compared with 10 to 25 gallons for a 5-10 minute shower. Choose a showerhead with the “WaterSense” label. An average family using low-flow showerheads can save about 2700 gallons of water a year and enough energy to power a household for 11 days.
